

### REMARKS

This Amendment is submitted in response to the Office Action dated March 9, 2004. In the Office Action, the Patent Office objected to the Claims 9, 10, 22, 26, 27 and 35 because of informalities. The Patent Office rejected Claim 12, 15-17, 23 and 30 under 35 U.S.C. §112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The Patent Office indicated that Claims 9, 10, 22, 26, 27 and 35 would be allowable if rewritten to overcome the claim objections noted in the Office Action. Additionally, the Patent Office noted that Claims 12, 15-17, 23 and 30 would be allowable if re-written to overcome the rejections under 35 U.S.C. §112, second paragraph. Moreover, the Patent Office allowed Claims 1-8, 11, 13, 14, 18-21, 24, 25, 28, 29 and 31-34.

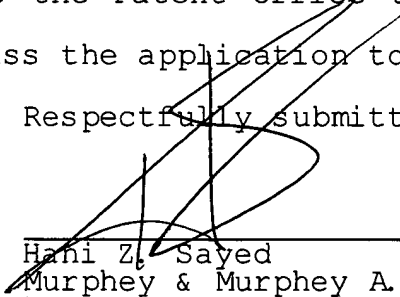

Moreover, by the present Amendment, Applicant amended Claims 9, 10, 12, 15, 22, 23, 26, 27, 28, 30 and 35. Applicant submits that the amended claims overcome the objections made by the Patent Office and place the application in condition for allowance. Notice to that effect is requested.

In the Office Action, the Patent Office rejected Claims 12, 15-17, 23 and 30 under 35 U.S.C. §112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. More specifically, the Patent Office alleges that the limitation "Said deposit actuator front wall" in Claim 12 lacks antecedent basis. The limitations "the door lock" in Claim 15, "said deposit

actuator front wall" in Claim 23 and "said deposit actuator front wall" in Claim 30 lacks antecedent basis for the limitations. In response, Applicant has amended Claim 12, 15, 23 and 30. Applicant respectfully submits that the rejections under 35 U.S.C. §112, second paragraph, have been overcome. Notice to that effect is requested.

In view of the foregoing remarks and amendments, Applicant respectfully submits that the claims in the application are in allowable form and that the application is now in condition for allowance. If, however, any outstanding issues remain, Applicant urges the Patent Office to telephone Applicant's attorney so that the same may be resolved and the application expedited to issue. Applicant requests the Patent Office to indicate all claims as allowable and to pass the application to issue.

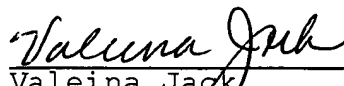

Respectfully submitted,
